

HIDDEN IN PLAIN SIGHT

The teen years can be difficult. Indicators of teen drug use, mental health concerns, unhealthy relationships, human trafficking and other risk factors can be hidden in plain sight, but easy for parents and other adults to miss. Adults all learn differently just like youth! This presentation brings a unique opportunity to get involved with the presentation through this two-part interactive event!

Come and learn what is trending with youth today and how to start the conversations that can sometimes be difficult but are necessary.

Must be 21+ to attend.
