Informational Letters to Parents

(For Internet Use in the Classroom)

Dear Parents

Pasco School District is on the World Wide Web at:

<http://www.pasco.wednet.edu> (Pasco School District Home Page)

_____ (School Home Page)

_____ (Class Home Page)

The purpose of these home pages are as follows:

- * To enable your student to conduct research on the Web, which holds a wealth of information and will play a major part in the development of education as your child progresses through the grades.
- * To inform members of the local and international communities about our school
- * To share work created by students and staff

The home pages allow friends and relatives across the country to log onto the World Wide Web in their own homes and, using a special “address,” bring up samples of work done right here in our classrooms.

Thank you for letting us explain this educational opportunity for your child. If you have questions, please contact the following:

Name of teacher
Name of school
Telephone number
E-mail address
