

SCHOOL FACILITIES

Construction Design

In recognition of the efforts of those involved in the project, a plaque containing the following information shall be attached to a new building:

1. School name;
2. Date of bond issue approval;
3. Completion or dedication date; and
4. The names of board members, superintendent, and building principal at the time the bond issue was approved. Names of board members shall be listed in the following order:
  - a. President/Chairman
  - b. Vice President/Vice Chairman
  - c. Members (alphabetically)
5. Architect, contractor, and project supervisor names
6. Other information deemed appropriate to preserve the history and identity of the schools.

If an existing building with a plaque is demolished and replaced, the plaque (if one exists) will be preserved and displayed with the plaque for the newly constructed building.
