Dig Deep—
Analyzing Sources CBA

A responsible citizen can use historical thinking to develop thoughtful participation in a democratic society. To develop your thinking skills you will develop and support a thesis on an historical question based on your analysis of primary sources and historical narratives.

Directions to students

In a cohesive paper or presentation, you will:

- Develop a historical question.
- State a position on the question that outlines a reason(s) in support of the position.
- Provide evidence for your position using two or more of the following social science perspectives:
  - geographic
  - cultural
  - political
  - economic
  - sociological
  - psychological.
- Provide reasons for your position that include
  - An evaluation of how of three or more sources, including primary AND secondary sources, support the position on the historical question.
- Make explicit references within the paper or presentation to three or more credible sources that provide relevant information AND cite sources within the paper, presentation, or bibliography.

1 This directions page guides students towards the “proficient” level (level “3”) for this CBA. To help students reach “excellent” (level “4”), please refer to the rubric or, if available, the graphic organizer.
2 Students may do a paper or presentation in response to the CBA provided that for either format, there is documentation of this response that someone outside their classroom could easily understand and review using the rubric (e.g., a videotaped presentation, an electronic written document).

*OSPI recommends that this CBA be used at a particular grade level and thus, the GLEs included in the rubric are for that grade. However, if the CBA is used at another grade level within the grade band (3-5, 6-8, or 9-12), the GLEs may need to change to match the appropriate content.
