Purchase Your Yearbook Today!

Mrs. Salisbury and our Technology Club have been working very hard to put together a yearbook for our students to purchase. It will have individual student pictures as well as pictures from many of the events that we have had this year. Order your yearbook today. It is a great way to save childhood memories. A special hardbound cover on the yearbook this year celebrates McGee's 30th anniversary. An order form was sent home to preorder a yearbook for \$21. You can pre-order a yearbook until April 20, 2012.

Technology Tips from Mrs. Salisbury

Congratulations to Zelda Vaeila and Ocean Van on placing in the top ten in Washington State for the Sumdog competition. Zelda took 1st place overall with 19,404 correct answers, and Ocean placed 6th with 13,277 correct answers!

Second graders just completed their, "I have a Dream", posters using our paint program. This month we are working on story writing. Students enjoyed playing My Story Maker online to assist with the writing process, and are now creating a story on their own using Microsoft Word.

Third and fourth graders are finishing their narrative picture stories using Microsoft Office. This month students will be introduced to Microsoft Excel, where they will learn how to create a graph.

Fifth grade students have worked very hard on presenting their Power Point presentations about themselves. This month students will complete a Microsoft Excel project which will involve taking a survey and creating a graph.

Technology Club has worked very hard on taking pictures, and editing pages for our yearbook. They will now begin creating our end of the year slide show.

At home please encourage students to visit Education City, Sumdog, and our James McGee web page for exciting math and reading games!

Thank you for your support at home!
