The Gloria and Joseph Mattera National Scholarship Fund for Migrant Children was founded in 1974 to honor Joseph Mattera, the father of the founder of the Geneseo Migrant Center. The name was changed to include Gloria Mattera upon her death in 1988.

Dr. Gloria Mattera, founder of the Geneseo Migrant Center, was born in Rochester, NY on April 16, 1930. She received her bachelor's and master's degrees from the State University of New York (SUNY) at Brockport and her doctorate in education from the Pennsylvania State University. As a member of the SUNY Geneseo Education Department faculty, Dr. Mattera developed and led a summer program for teachers of the children of migrant farmworkers. She recognized the need for services for migrant children, and in 1968 founded the Center. It soon expanded to include day care programs for infants and preschoolers, and adult education and recreation, as these needs became apparent.

Recognized for her work on behalf of farmworkers at the local, state and national levels by her peers, the leading providers of migrant education and other services, Dr. Mattera received numerous awards throughout her career. MEMO, a periodic publication for the national Migrant Education Program, featured her in its April 1987 issue as a "Founding Mother" of migrant education. She was known to farmworkers all along the East coast as "Doc Mattera." The Center she founded continues today to provide programs guided by her philosophy of respect and support for the workers.

"Let migrant farmworkers live and work with the dignity befitting the importance of their task"
Gloria Mattera
